1. Introduction

This dataset contains information on the Presidents and Vice-Presidents of India. The data has been carefully extracted and verified from official government websites that document their names and tenure dates.

We table it in an orderly manner, to systematically place the information under variables such as the names of the candidates, gender, state/UT, start date of appointment, end date of appointment, number of days in office, delay in appointment and designation. Moreover, it mentions various acting/additional charge governors between the terms. The data also mentions the sources of information for each instance captured, so that users can verify the same.

We have provided the documentation process in the following sections which lists the various sources and how they were used to populate the data. Moreover, we have also listed detailed exceptions that we came across while populating and checking the dataset, clarifying the assumptions we have made.

6. Documentation Process

The list of Presidents and Vice Presidents of India was scraped from <https://presidentofindia.nic.in/former-presidents.htm> and <https://vicepresidentofindia.nic.in/former-vice-Presidents> respectively, along with the dates they took and left office. Next, this was cross-checked through <https://knowindia.gov.in/general-information/>, which was also used to get the data on acting Presidents as well as the current President and Vice-President. The term durations were calculated based on the scraped dates. The delay in appointment of Vice-Presidents was similarly calculated.

Further information on their sociological and political history was derived using TCPD's existing dataset [TCPD-IED](#) as well as various data sources as listed out in table 3.

The Law Commission report provides information on the number of mercy petitions disposed of by all Presidents including and before Pranab Mukherjee, further disaggregated into the number of petitions rejected and accepted. Data on the petitions disposed of by the current President, Ram Nath Kovind, has been obtained from the President's Secretariat. This information has been incorporated in variables #22-#24.

The count of ordinances passed by each has been obtained from <https://legislative.gov.in/documents/legislative-references>. The list of ordinances, by year and president, is also maintained in a spreadsheet (<https://docs.google.com/spreadsheets/d/12eA596xDGOSR6DlS5DRGa9pOULUkLxuDoQ72IRp69fA/edit>).

7. Exceptions

VV Giri studied law and English at the University College Dublin (<https://www.indiatoday.in/india/north/story/university-college-dublin-announces-special-scholarships-for-indian-students-219875-2013-12-06>). This has been codified as equivalent to a BA LLB.
